

Proceedings

Workshop

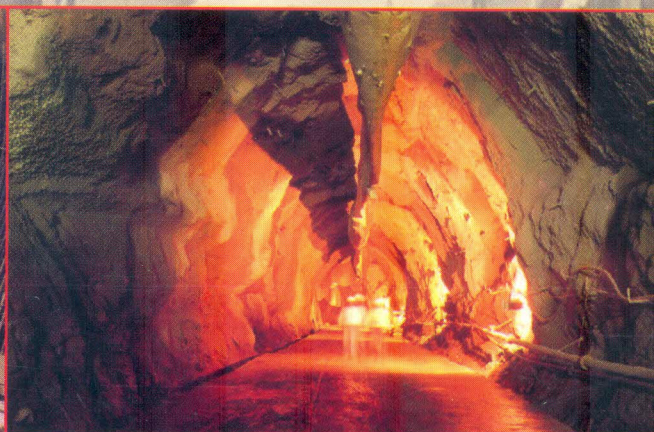

Construction of Dams & Tunnels in Weak Rocks

Date: 25-26 May 2011

Jaypee University of Information Technology,
Waknaghat (Solan), Himachal Pradesh

Editors

Dr. K.G. Sharma • V.K. Kanjlia • A.C. Gupta

Organised by:

Indian National Group of International
Society for Rock Mechanics

Central Board of
Irrigation & Power

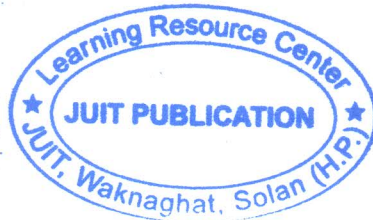

Jaypee University of
Information Technology

Workshop CONSTRUCTION OF DAMS AND TUNNELS IN WEAK ROCKS

25-26 May 2011

Jaypee University of Information Technology
Waknaghat (Solan), Himachal Pradesh

PROCEEDINGS

Editors

Dr. K.G. Sharma
V.K. Kanjlia
A.C. Gupta

Organised by

Indian National Group of International
Society for Rock Mechanics

Central Board of
Irrigation & Power

Jaypee University of
Information Technology

TECHNICAL COMMITTEE

Chairman

Dr. K.G. **Sharma**, Professor, Department of Civil Engineering, IIT Delhi
and
President, ISRM (India)

MEMBERS

- Dr. A.K. **Dhawan**, Former Director, Central Soil and Materials Research Station
- Dr. Ashok Kumar **Gupta**, Head, Department of Civil Engineering, Jaypee University of Information Technology
- Mr. Akbar M. **Khan**, Senior Vice President (Tech.), Lanco Infratech Limited, Construction Division
- Ms. Minimol **Korulla**, Chief Technical Officer, Maccaferri Environmental Solutions Pvt. Ltd.
- Mr. M.M. **Madan**, CEO, Malana Power Company Ltd.
- Mr. G.M. **Prasad**, General Manager, THDC India Limited
- Dr. **Rajbal Singh**, Joint Director, Central Soil and Materials Research Station
- Dr. T. **Ramamurthy**, Visiting Professor, Department of Civil Engineering, IIT Delhi
- Mr. D.K. **Sharma**, Head Project Development-Hydropower, L&T Power Development Ltd.

Convenor

Mr. A.C. **Gupta**, Director (WR), Central Board of Irrigation & Power

“Reproduction of any part of this publication in any form is permissible subject to proper acknowledgement and intimation to the publisher. The publisher/author/editors have taken utmost care to avoid errors in the publication. However, the publisher/ author/editors are in no way responsible for the authenticity of data or information given in the book.”

Designed & Printed by Central Board of Irrigation & Power
Printed at: Chandu Press, D- 97, Shakarpur, Delhi 92

CONTENTS

Foreword iii

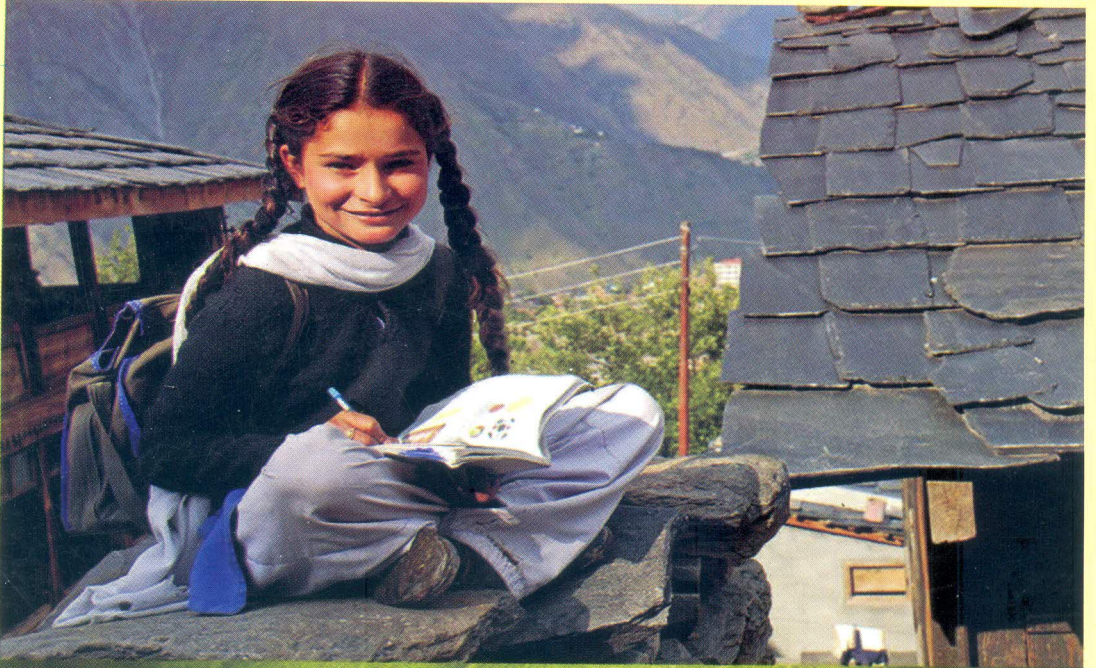

KEYNOTE LECTURES

1. Engineering Classification of Rocks and Rock Masses
— *T. Ramamurthy* Kn-1
2. Strength Modulus and Stress-Strain Responses of Rocks
— *T. Ramamurthy* Kn-34
3. Design of Underground Openings
— *K.G. Sharma* Kn-75
4. Foundations of Dams
— *K.G. Sharma* Kn-89
5. State of Ground Stress its use and Measurement in Rock Engineering with
Special reference to Weak Rocks
—*S. Sengupta* Kn-102

CASE STUDIES

- 6 Present Status of Drilling and Blasting Techniques
—*D.G. Kadkade* 3
7. Tunnelling in Weak Zone - A Case Study of Tunnel Construction at Allain
Duhangan Hydroelectric Project
—*M. M. Madan* 18
8. Challenges During Excavation of Abutments and Foundation Treatment of
92 m High Wangkha Dam in Bhutan
—*Devendra Kumar Sharma* 37
9. Case Study of Relocation of Baglihar HEP (Stage-II) due to Poor Geology
Encountered in Earlier Proposed Location
—*P.K. Kaushik and R.L. Gupta* 47
10. Quality Assurance of Steel Liners for Pressure Shafts
—*Hari Dev, U.S. Vidyarthi and Rajbal Singh* 64
11. Application of Numerical Simulation using Hoek-Brown Shear Strength
Reduction Technique for Determination of Factor of Safety of Rock Slopes
in Weak Rocks: A Comparative Study
—*Sukanya Chakraborti* 74
12. Instrumentation of Dams and Tunnels in Weak Rocks
—*V.K. Rastogi* 84

13. Planning and Design of Two Highway Tunnels Through Weak Rocks of Bilaspur-Sundernagar Area
—*R.C.Bhandari, Shilpa Bajpai and S.K. Mathur* 94
14. Rock Mass Deformability Characteristics of Weathered Phyllites : A Case Study
—*K.K. Mishra, D.V. Sarwade, V.K. Kapoor and Nripendra Kumar* 102
15. Design and Construction of Tunnels and Dams in Weak Rocks with Specific Reference to Experience Gained on SJVN Projects
—*R.N.Misra, V.K. Pathak, R.S. Chauhan and Rakesh Sehgal* 109

*" I enjoy going to school...
I love to play in the park...
There is drinking water and electricity
in my house...
The village has an approach road...
There is a hospital nearby...
Future looks promising and inviting
Thank you SJVN"*

SJVN as a responsible Corporate Citizen is taking utmost care in Resettlement and Rehabilitation of its Project Affected Families (PAFs) and also of all the people in vicinity of its projects.
